

# EB58 59 62-10BaseT Series

# Monoline Coax Ethernet 10BaseT Baluns

Features/Advantages	Description	Applications
<ul style="list-style-type: none"> <li>• May use pre-existing Star Cabling instead of 2-pair UTP cable.</li> <li>• Exceeds 802.3 10BaseT NEXT specification, isolating the receiver from the transmitted signal</li> <li>• Run up to 200 meters on coax. (Exceeds TIA568A)</li> <li>• Impedance-matched</li> <li>• Rugged, compact case</li> <li>• USA made</li> <li>• 100% tested</li> </ul>	<p>The unique <b>ETS Monoline™ Baluns</b>, only from <b>ETS</b>, enable you to re-use existing premise cabling for Ethernet 10BaseT networks. One run of coax replaces two pair UTP with improved NEXT (near-end crosstalk) over the 802.3 specification.</p> <p>A <b>Monoline™ Balun</b> at each hub port and one at the workstation completes the installation without the expense of rewiring the facility with UTP for data. Coax has better high-frequency characteristics than UTP, enabling run lengths of up to 200 meters (650 feet).</p> <p>Many configurations are available to meet specific connectivity requirements. Many standard applications utilize a female BNC and an RJ45 plug.</p>	<ul style="list-style-type: none"> <li>• Any facility wired for legacy data networks that might otherwise require re-wiring the building for using 10BaseT equipment can benefit from using <b>ETS Monoline™ Baluns</b></li> <li>• Coax installations use the EBxx-10BaseT Series</li> </ul>

Specifications		Product Ordering Information	
Insertion Loss	<0.5 dB	EBxx-10BaseT-MBNC-45	Male BNC to RJ45 jack
Connectors	BNC (male or female) to RJ45 (plug or jack)	EBxx-10BaseT-FBNC-45	Female BNC to RJ45 jack
Impedance	50Ω to dual 100Ω (two pair) or 75Ω to dual 100Ω (two pair) or 93Ω to dual 100Ω (two pair)	EBxx-10BaseT-MBNC-45-P	Male BNC 6.00" pigtail to RJ45 jack
Crosstalk	> 30 dB	EBxx-10BaseT-FBNC-45-P	Female BNC 6.00" pigtail to RJ45 jack
Dimensions (HLW)	46mm x 25mm x 19mm Plug pigtails and cords as noted	EBxx-10BaseT-MBNC-45-3C	Male BNC to RJ45 plug 3.00" long
Net Weight	0.02 kg (approximate)	EBxx-10BaseT-FBNC-45-3C	Female BNC to RJ45 plug 3.00" long
		xx = 58, 59, 62 for wiring of 50, 75 or 93Ω coax, respectively All pin-outs: Standard Ethernet pin-outs (1,2 & 3,6)
